Public Notice

Public Notice Number: Appendix C

Issue Date: March 21, 2002

Expiration Date: May 7, 2002

PUBLIC NOTICE ANNOUNCING PROCESS OF UPDATING APPENDIX C ON HISTORIC PROPERTIES PROCEDURES

On January 11, 2001, the Advisory Council on Historic Preservation (ACHP) issued a Final Rule on the implementation of Section 106 of the National Historic Preservation Act (NHPA). In response, the Corps of Engineers, which currently utilizes Appendix C to 33 CFR Part 325, published a notice in Part III of the Federal Register on March 8, 2002, announcing the start of a coordinated procedure to identify changes which need to be made in its permit process to comply with the NHPA and other laws dealing with historic properties.

The Federal Register notice also describes examples of differences between the new ACHP regulations and Appendix C, and the process and schedule for coordinating with State Historic Preservation Officers, Tribal Historic Preservation Officers, Native Americans, Native Hawaiians, Alaska Natives, professional archeologists and interested parties. In the meantime, the Corps intends to issue Interim Guidance to its districts and divisions, however, this guidance may change after this coordination effort is completed.

Concurrent with the March 8, 2002 Federal Register notice, the New York District is sending this Public Notice to potential interested parties on its mailing list. Each Corps District will be the point of contact for coordination with the tribes and interested parties but all comments should be sent directly to Ms. Meg Smith, CEIWR-PD, 7701 Telegraph Road, Casey Building, Alexandria, VA 22315. All comments must be submitted in writing by May 7, 2002. Further information may be obtained from the U.S. Army Corps of Engineers Regulatory Home Page at: <http://www.usace.army.mil/inet/functions/cw/cecwo/reg/citizen.htm>. Interested parties who do not have Internet access can contact Ms. Meg Smith at (703) 428-6303 for a copy of the announcement.

RICHARD L. TOMER
Acting Chief, Regulatory Branch
